BAGUETTE MOULDER MANUFACTURER

Amongst others, Italtan is a leading baguette moulder manufacturer whose machines are particularly suitable for producing baguette bread. The most commonly supplied model of baguette moulders is the Baguette Moulder Mod. ITP 700.

FLEXIBLE, EFFICIENT BAGUETTE MOULDERS

These machines are designed in relatively reduce weight and size to enhance simplicity and hence ease of use. The machines are mounted on frames fixed with castors though they can be easily placed on shelves or benches. The machines are progressively and smoothly moulded up to a maximum length, usually 70 cm.

SAFE AND EASY TO USE MACHINES

The two sheeting cylinders for these machines are covered with non-toxic plastic materials to ensure safety of your pastry. Version A of these machines is fitted with an electric control and a safety hopper for CE regulations.
