## DOUGH ROLLER SHEETER MANUFACTURER

Italpan is an Italian based dough roller sheeter manufacturer that supplies highly efficient machines for compacting and gauging the the mass of your doughs to required sizes.

### SHEETER SF/500/600

One of the main dough roller sheeter models supplied by Italpan is the Sheeter SF/500/600. This machine is designed to work on all dough kinds, thick or thin. This machine is fitted with removable scrappers that can be conveniently removed for cleaning and regular maintenance services. The machines are also fixed with adjustable conveyors that effectively prevent your doughs from wrinkling.

### ROLLER SHEETERS WITH WHEELS!

Mobility of these machines is enhanced through mounted wheels that help you move the machine to whichever location in your bakery. These machines are also user-safe as they are fitted with safety guards that are technically linked to the machine's electrical system to prevent electric faults and other risks associated with power consumption of the machine.
