INDUSTRIAL FLOUR SIFTER MANUFACTURER

We understand that to produce quality end products for a pastry or bakery shop, the flour must be free from all sorts of impurities and the oxygen level must be maintained. As an industrial flour sifter manufacturer, we ensure that all our products perform at the required level.

FLOUR SIEVE SF-100

This machine can remove all impurities while maintaining the desired oxygen levels in the flour. The SF-100 is mobile and is equipped with a locking device and a revolving exit system. The floor level can be modified.

TECHNICAL DETAILS

It weighs 150kg with a 0.50 horse power.
