PASTRY DOUGH SHEETER MANUFACTURER

Italpan is a chief pastry dough sheeter manufacturer whose machines are specially designed to handle all kinds of doughs. Italpan pastry dough sheeters are fixed with removable scrapers facilitating daily cleaning.

SHEETER SF/500-600

One of the major types of pastry dough sheeters supplied by Italpan is the Sheeter SF/500-600 that is designed to handle all kinds of doughs in your bakery. Bearings of these machines are critically screened to prevent pastry contamination.

PERFECT DOUGH

The machines are fitted with adjustable conveyors that prevent dough wrinkling. These machines also have calibrated rolling cylinders that are polished and plated with chromium. Frames for these machines are fixed on wheels to enhance movement such as relocation.
